Good morning Bessie,

The date and time is fine with me. Thanks. The question you asked me a few weeks ago regarding Ivan Sidney and FMCV/water system, no one that I spoke with thinks there is anything in writing that gives FMCV the authority to run the system and/or the relationship between FMCV and the leadership. But no one in the three villages are happy with the situation. The Boards of Directors of the three villages met recently regarding Mr. Sidney's letter to the customers on a rate increase and decided that they would like to have him present at a meeting to provide information that would justify the increase and why prior notice was not provided. The three CSA's are working on a letter to be signed by all three Board Chairs and provided to Mr. Sidney. It was a good meeting and all three villages are willing to assist provided they receive information that they have been asking for a long while i.e. revenues, water/sewer expenses, staffing, etc. They don't want to contribute funds and not now what it is going to be used for. We will see if he comes through.

Phyllis

Subject: Proposed Date and Time Changes for the Monthly Calls about the Hopi Infrastructure Projects

For the last 9 years, we have been having the calls about the Hopi infrastructure projects on the first Wednesday of every month at 12:30 p.m. Hopi Time. There is a proposal to change the date and time of the calls to the **first Thursday of every month at 9:30 a.m. Hopi Time.**

Please let me know what you think. If the new date and time for the call does NOT work for you, please respond back to me no later than Monday, September 16, 2013. If you do NOT respond back, I will assume that the new date and time is OK with you.

Please contact me if you have any questions.
